

## Things to Consider

### When Reaching Out for Help...

#### National Online "Referral" Agencies

While it may be tempting to complete on-line forms to receive free information, before submitting these forms, we encourage families to read and understand the agency's PRIVACY POLICY, specifically USE and DISCLOSURE OF PERSONAL INFORMATION.

Typically, after completing on-line forms, your information is automatically disbursed to Assisted Living Communities within their "PROVIDER NETWORK" — generating an overwhelming number of calls directly to you to schedule tours.

#### Local, Confidential, Personalized Services

"Opening New Doors" is not an on-line referral agency. We do not disperse your personal identifying information to any Communities, relieving you of the added stress of phone calls.

We are New Hampshire's only non-franchised, independently owned and operated assisted living placement agency. We are committed to advocating for your needs throughout the touring and selection process.

"Opening New Doors" combines the expertise of a large agency with the warmth and support that only a small agency can deliver!

To support you in this transition and determine communities that best fit your needs, we provide the following:

- **Assessment:**
  - Financial Means
  - Medical Needs (Determined by Physicians)
  - Social Interests
  - Preferred Location
  - Personal Preferences (non-smoking, pet friendly, etc.)
- **Identification of Options:**
  - Discuss specific communities within your budget that offer the medical care and programs that best match your needs and preferences.
- **Coordination of Tours:**
  - Arrange tours at communities of your choice with the option of having our staff accompany your family or loved one.
- **Support and Guidance:**
  - Offer support throughout the decision-making process with unbiased guidance in methodically evaluating options.
- **Resources:**
  - Professionals we refer have either worked with our staff or clients and have proven to be knowledgeable trustworthy professionals. They include but are not limited to: Elder Care Lawyers, Financial Advisors, Real Estate Agents, Moving Companies, etc.

## Urgent Placement Services

If you find yourself in Crisis Mode with limited time to find the right community for your loved one, we can help.

For your convenience, we are able to meet with your family and loved one in the hospital or rehab and offer in-home and evening consultations.

Services may be offered at no charge for those being transferred into assisted living directly from the hospital or rehab setting.
